FOIA REQUEST - NGO projects financed in the Republic of Georgia 2008

Gentlemen,

I kindly request you to supply the following information to inform my PhD thesis (in progress) on "Accountability in Aid to Georgia" (University of Bristol, UK):

A copy of the financial budget section of every project proposal submitted by a non-governmental actor, for projects to be implemented wholly or partly within the Republic of Georgia. This FOIA request covers all project proposals that were approved for funding by USAID in the period from 01 June 2008 to 31 December 2008 (approval date), including all project proposals submitted by non-governmental organizations, by both non-profit (e.g. NGOs) and for-profit (e.g. consulting companies) organizations, and by both local and international organizations.

This information should largely or fully be located within the USAID office in Tbilisi, Republic of Georgia.

I have up to USD 300 to pay for these materials.

You can either scan and email them (preferred), or post photocopies to the following address:

Till Bruckner
PhD student
Department of Politics
10 Priory Road
Bristol
BS8 1TU
England

Please let me know by when you will be able to supply this documentation. **RSVP.**

Thank you in advance, best wishes,

Till Bruckner
